

## Information for Donation of Securities (Stocks, Bonds)

Thank you for your interest in partnering with Camp Hickory Hill through a donation of securities (such as stocks or bonds). There are excellent benefits to this type of contribution, both on tax deductions for you and increased value in your contribution to camp. The chart below gives an example of both an increase in tax savings and an increase in the contribution value of donating stocks vs. selling them and making a cash donation.

### How donating an appreciated security can reduce taxes

Sell stock & donate cash proceeds		Donate stock directly to charity
 \$20,000	Value of stock when purchased	 \$20,000
 \$50,000	Current price	 \$50,000
 \$7,140	Capital gains and Medicare surtax paid on \$30,000 (23.8%)	 \$0
 \$42,860	Total contribution to charity (after deducting federal taxes)	 \$50,000
 \$15,858	Income tax savings by making contribution	 \$18,500
		 <b>Greater tax deduction, greater contribution</b> 

A contribution of securities, such as stocks, can make a significant impact in the ministry of camp and thus in the lives of thousands of people. It may be an excellent way to maximize your giving while simultaneously reducing your tax burden.

Please contact us with any questions or If you would like to contribute in this way. We are prepared to answer your question and help provide you the information you need should you decide to partner with us in this way.

Serving Christ with you,

Brian Stebick, Assistant Executive Director
